DISCORD.GG/NUSA

June 22th, 2024

To the United States Senate, House of Representatives, Washington D.C. City Council,

To be enacted on the Twenty-second of June, Two-thousand and Twenty-four. This letter of policy hereby mandates:

Congress:

- In-game sessions must be conducted for voting related functions and actions that don't require 2/3rds of the entire chamber and what is outlined in the Constitution.

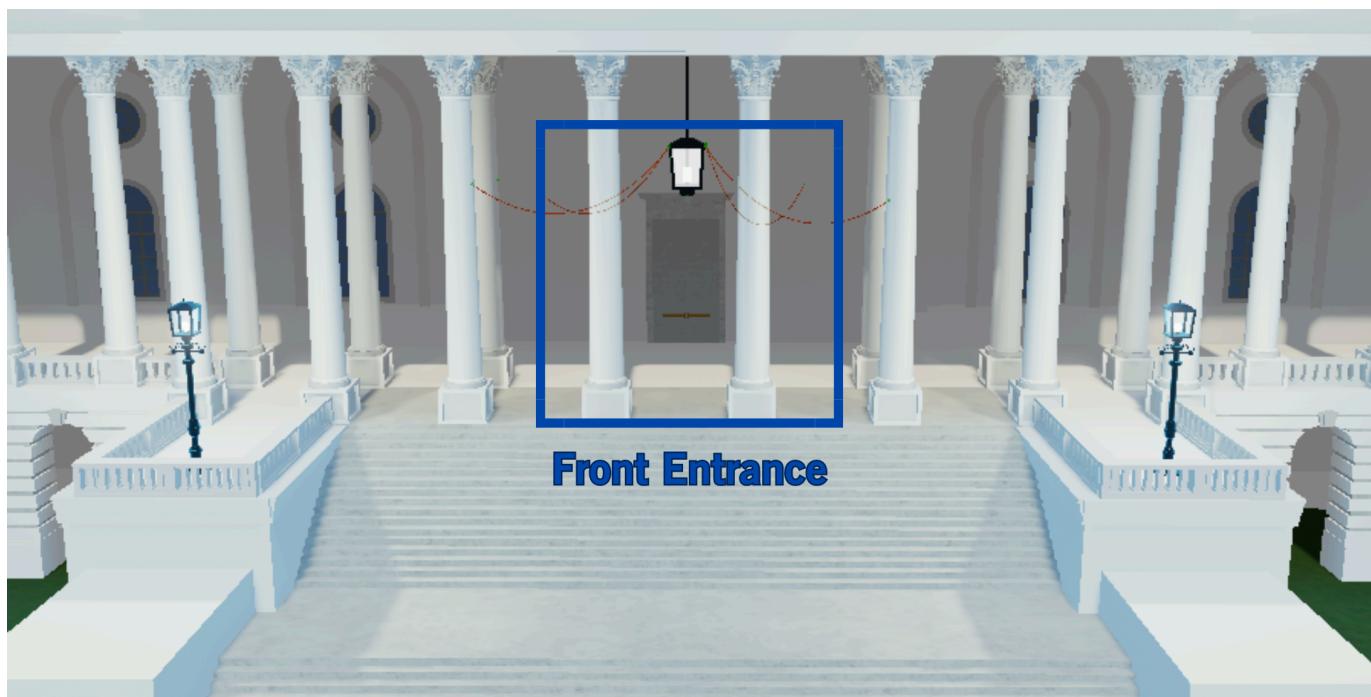

DCCC:

- In-game sessions must be conducted for voting related functions and actions that don't require 2/3rds of the entire chamber or actions outlined / specified in the D.C. Charter.

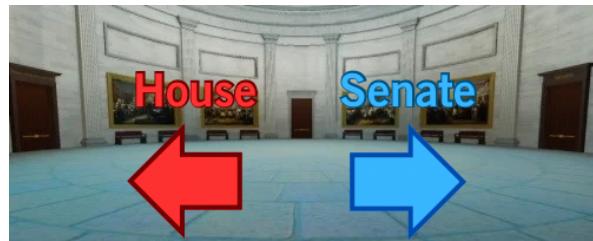

This is to facilitate both a greater roleplay experience, and to allow congress to make major decisions at their own discretion, and convenience so they don't feel rushed or obligated to be online all the time. A notice of 24 hours must be provided to members and the public prior to hosting a session for any body. Presiding officers may apply for an exemption in the Government Affairs Discord for an emergency session.

As a courtesy, Group Management shall show Legislation on where their chambers are and how to get to them, we will also be showing legislation on how to enter and leave their chambers to better assist them.

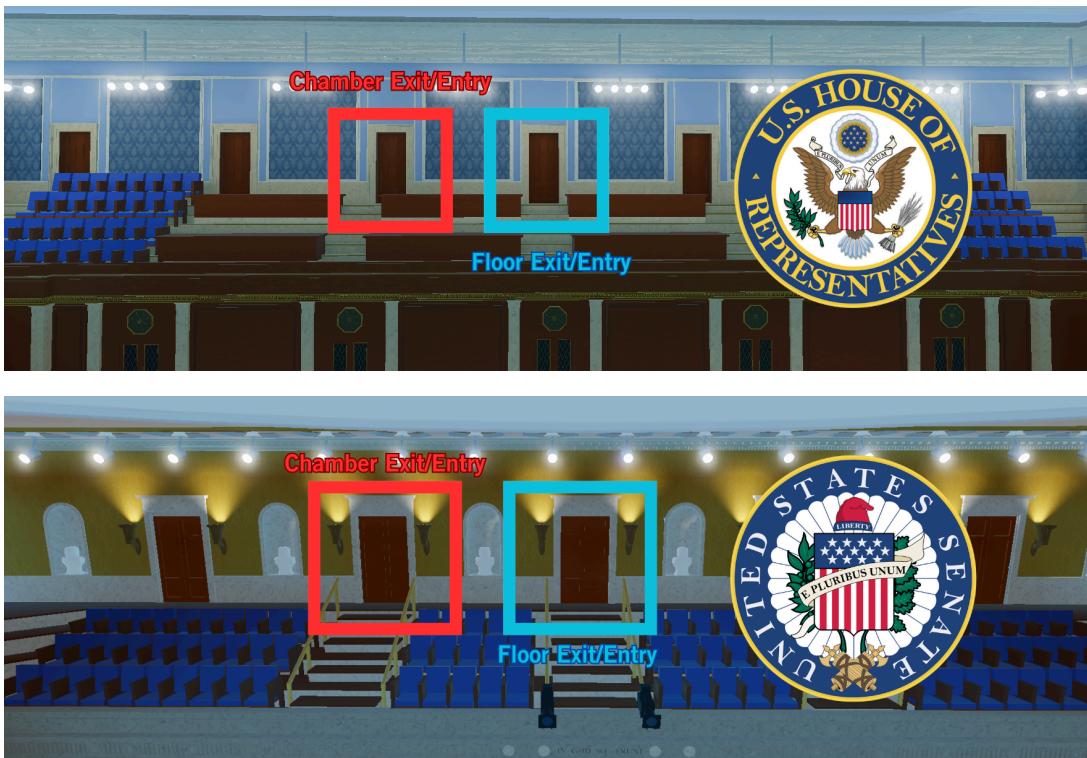

This is the Main Entrance of the Capitol Building:

This is the rotunda, each arrow shows where each chamber is:

This is an image of both chambers' entrances and exits

We hope this helps legislation better understand where their chambers are and hope they use it as a guide.

Sincerely

A handwritten signature in black ink that reads "Adam Stratton".
